Pursuit of Excellence

Leadership and Grace, a combination that few are able to achieve, and I count myself as one who strives for the same. Year after year, this glorious institution has helped me reach closer to this personal and professional goal and surely the road to it has been paved with the help of my supportive Management, dynamic Principal and diligent colleagues. The journey, thus far, has been exhilarating, from the humble beginning of a teacher to a guide and mentor to many. The school's growth by leaps and bounds during this 25 year tenure has also fuelled the growth of hundreds of teachers and thousands of students who have been associated with it. Starting from a modest premise to being among the top educational institutions of our city, gaining recognition in every field from academics to co-scholastics, accomplishing feat after feat. These milestones will forever be preserved in my memory and we, at S D Jain Modern School, look forward to take the school to even greater heights. I thank everyone involved in making this journey unforgettable and also for their future contributions with which, surely, S. D Jain Modern School will retain its supreme position.
